

Record Tied

One lightweight track mark was equaled and Lowell High had new challenges from Lincoln and George Washington in the unlimited division as eliminations continued in the San Francisco high school track and field championships at Kezar yesterday.

Mission's Gordon tied the 130-pound 220-yard record set by three others when he won his heat in 23.2 seconds.

All field event finalists were determined in the unlimited division yesterday with Washington and Lincoln each qualifying seven for Saturday's championships. Six Lowellites survived while Commerce, closest on the Indians' heels after first round track trials, fell back by getting only three field men in the finals.

All contenders for the finals will be determined today.
