3	Tom Wilson	Amador	155'0"
4	Darrington Sampson	Berkeley	149'7"
5	Ray Sparling	Novato	149'2"

POST-MEET BULLETIN

Once again I want to thank you coaches for bringing your many fine athletes to our 4th Castro Valley Invitational track meet. Last year we hit a particularly warm day and this year it was just the opposite. Even though it was miserably cold, there still were some outstanding performances. Four meet records were either set or tied.

Some of you asked to make last minute entries and it has been our policy since the beginning that substitute entries may be made but no additional entries can be allowed. We have to draw the line somewhere regardless of the circumstances. I hope you understand.

Some entries were received late and many of the events were filled. Other entries were received without entry fees and were seeded in the program only to have the entire school not show up at all. Next year...please get the entries in on time and include the entry fees. I'll see what I can do about picking a warmer evening (?)

I hope to see you all again next May.

Norm Guest
