REGION II

Welcome to Region II - 1972. This year the region has a new look to it. The Christian Schools Athletic League makes it's debut, joining the South Peninsula Athletic League and the Santa Clara Valley Athletic League. Unfortunately, no information about the CSAL was available prior to the meet so the entrants from this league are listed simply as CSAL in the program.

There is plenty known, however, about the individuals here today from the SPAL and the SCVAL. In fact, Region II promises to be one of the most exciting and competitive meets of the season. If there is a team favorite it stands to reason that it must be either champion Carlmont of the SPAL or SCVAL champ Los Altos. Both bring very strong aggregations into the meet and both are coming off of impressive league meet victories. At the frosh-soph level look for a great battle between Menlo-Atherton and Lynbrook. But the team title races could be overshadowed by the many fine individual battles that figure to take place in almost every event.

There are, in fact, state and even national leaders competing here today in many events. Most prominent of these, of course, is Scott Overton of Los Altos, whose throw of 204'5" in last week's SCVAL meet will probably go into the books as a new national record. Another top competitor in the discus is Scott's teammate, Randy Patterson (175'1"). A fine group of high jumpers is lead by Bill Erbes of Homestead who has a leap of 6'9½" this year which ranks him second in the state. He'll have to regain that form however, to win out over a flock of fine jumpers. Carlmont High brings into the meet possibly the finest group of distance runners and pole vaulters that one school could offer. Steve Miller and Carl Cattarin are solid picks in the mile and 2 mile, Miller having just set a new league record of 4:15.2, and any one of four fine Scot vaulters could take that title.

For your extra interest, try scoring the meet as a dual meet between the SPAL and the SCVAL. These are two of the most powerful track and field leagues in the state and it should prove interesting. A running score of this meet will also be kept on the scoreboard. So whether you are supporting a team, an individual or a league; or even all three, settle back and enjoy some great track and field competition.
