STATE CIF CROSS COUNTRY/TRACK & FIELD ADVISORY COMMITTEE

Minutes of Meeting

Tuesday, September 21, 1999

Anaheim Union High School District Office

Attendees: Larry Yeghoian (Chairperson), Sheri Ross, Dean Crowley, John Tarman, Hal Harkness, Brian Weaver, Dan Reinstein, Doug Speck, Dennis McClanahan, Liz Mueller, and Scott Fairley.

Approval of January 22, 1999 Minutes: Moved, seconded and passed to approve 1/22/99 minutes as presented.

Additions to Agenda: Starter fees in Track

CROSS COUNTRY ITEMS

1. Update on Planning

- a) Brian Weaver indicated that the course will be back to original layout as construction along the freeway is finished.
- b) *Pasta Feed:* Much discussion ensued regarding pros and cons of having a pasta feed and the best location for it. It was recommended by the committee to have it catered by and located in the Piccadilly Inn. Dinner will be \$7.00 per person to include spaghetti, red sauce, bread, salad, ice tea and water. Three hundred (300) dinners must be guaranteed. Vendors will be present in the eating venue and giveaways will be a part of the evening. It was unanimously concluded by the committee that the true impetus of this gathering was not the food, speaker or video presentation. Camaraderie in a social gathering appears to be the draw to attend the Friday evening festivities. With the advent of the \$3,000 donation by the Fresno Chamber of Commerce, John Tarman indicated that the State office would financially assist with the pasta feed if necessary.
- c) *Coaches/Parents Race:* The committee voted not to pursue this for liability reasons.

2. **C-BED Enrollment for Cross Country** – Much of the discussion centered around the inequities that exist within the Cross Country divisions. Division I has approximately 100 more schools than Division III. Additionally, more than 80% of the large schools are in the state's southern region. The committee recommended that this item be taken to the Federated Council, with Larry Yeghoian representing the views of the committee. It was agreed that the level of frustration is high among all involved in Cross Country – coaches, meet personnel, this committee and section commissioners. This problem could possibly be addressed if something in the State framework was written regarding how and when to adjust C-BED Divisional enrollment.

Page 2 of 4

 Minutes of Meeting
 September 21, 1999

3. **Proposal for At-Large Selection** – Dennis McClanahan presented a proposal for at-large selection into the State meet. Consideration would be given to add teams to the competition based on the following three conditions:

- ok a) Teams who tie in scoring but lose a tie breaker for the last spot from a section would advance to the State finals.
- Too subjective b) They were a top ten ranked team in the last available ranking and due to tough competition did not make it out of their section.
- ditto c) If they were not a top ten ranked team, their performance in their section finals placed them within 5 scoring points of another top ten ranked team in their own section. This reinforces the concept that a team did not get to advance out of their section due to tough competition, but allows for a team that is coming on strong at the end of the year.

Using these considerations, a maximum of four teams could be added to each race.

This specific proposal has been reviewed by section commissioners at the 9/14 – 9/16 section commissioners meeting. John Tarman reported that the section commissioners are in the middle of an ongoing process by which all CIF section, regional and state championship events are being evaluated. Consequently, the section commissioners have respectfully requested that this proposal be tabled until the commissioners complete their evaluation of all CIF championship events.

It was unanimously passed to forward this proposal to the Federated Council for a first reading at the November 5th Federated Council meeting. *

4. **Minutes from Advisory Committee meetings to Section Commissioners** - John Tarman indicated that minutes from all Advisory Committee meetings are and will continue to be forwarded to section commissioners.
5. **Dedication of Cross Country meet to Bob Womack** – Bob Womack's recent passing leaves a large void in the Cross Country world. He was the announcer at the State meet for many years. Brian Weaver will communicate with Sheri Ross and the State office regarding a way to recognize and honor the contributions of Bob at the State meet. Doug Speck would like to fill in for Bob as announcer. If this takes place, we must fill the position of awards announcer that Doug has accomplished so well for many years. Names were given to Brian of possible replacements.
6. **1998 Cross Country meet "Thank You"** – Kudos to Brian Weaver, Marty Simpson, staff and community for another outstanding State Cross Country meet. The State office received numerous positive comments on the entire meet.

Advisory Committee Meetings: The suggestion was made to separate Cross Country and Track & Field Advisory Committees for the following reasons:

- a) To have separate meetings to concentrate on just one sport
- b) To encourage more participation on each committee from sections that are not currently represented

The committee recommended to stay together as one, but to add members from those sections not currently represented with attention to gender and group equity. The State office will take recommendations for additional members. We will stay with our current format of two meetings.

TRACK AND FIELD ISSUES

1. **Financial Report** -- John Tarman indicated that there are slight differences in the line items of the budget depending on the site of the meet. Generally there are lower operating costs in the North but this year's expenses were higher at Hughes Stadium than anticipated. The gate receipts were 6% lower. The financial report was approved as printed.
2. **Staff Evaluation/Comments** -- Due to the absence of Mike and Lori Larsen, State Track Meet Directors, the committee decided to reagendaize this item for the January meeting. Some concerns were expressed and discussed regarding medical availability, starting blocks and coaches who double as media. All items will be reagendaized to the January meeting.
3. **At-Large Entries for State Track Meet** -- Hal Harkness developed a two prong approach to allow athletes who could be competitive in the State meet into the competition. Much discussion ensued and the committee unanimously passed the first of Hal's proposals. This proposal states:

"If an athlete equals or betters the three (3) year average of the 9th qualifier to the State finals in his/her section finals, they would qualify for the state meet (statistics based on 9th qualifier attached)."

The committee supported this as a positive step toward at-large entries. It will be forwarded to the section commissioners and set in motion for possible acceptance in the 2000-2001 season.

Who will maintain & create this list?

Should the southern sections look at re-structuring their sections?

4. Two Division State Track Meet – Scott Fairley brought to the committee the rationale for a two division state meet – large and small schools. Discussion then centered on this idea with pros and cons given. The committee favored a four division approach with a regional qualifying meet. It was recommended that this concept be discussed among section commissioners, Federated Council and Coaches Alliance web site.

CCS doesn't like

5. Photo Concerns and Set Up of Photo Work Area – Hal Harkness will handle at this year's meet.

Super!

6. Update on Planning for State Track Meet – The staff is trying to bring together Olympians, etc. for the 2000 meet. The starting time for running events on Saturday will remain at 4 p.m.

Enforce uniform rules consistently.

7. Uniform Clarifications and National Federation Rule Changes – Some committee members indicated that collage sweat shirts were worn on the awards stand at the State Track meet in Sacramento this year. This is not allowed. The State office will review and highlight uniform regulations in the Track & Field bulletin.

National Federation rule changes regarding uniforms:

- a) Students will be instructed to tuck in their jerseys. *Prior to race, during race?*
- b) It is unsportsmanlike conduct to remove one's jersey in the competition area. *What is considered the*

Again, the State office will ensure that this information is highlighted in all Track & Field bulletins and to Section Commissioners.

8. Starter Fees – It was recommended that the starter fees be the same for both North and South locations of the State Track meet. This item will be reagendaized for the January meeting.

Future Advisory Committee meeting date: Tuesday, January 11, 2000 was recommended for the next meeting of this committee.

Members present: Walt VanZadt, Richard Chamberlain, Mike Benedetti, Al Hernandez, Bill Daskoralis, Ron DiMaggio, Dave Frank, Paul Jones, Michael Ramirez, Steve Filios

1. The committee first took some time to look over and discuss some materials and suggestions for the track and field championships. Materials included:
 - a. a look at the processes used in three other sections of our size
 - b. a look back at the Mission Trail League proposal as well as some amendments/suggestions by Walt VanZadt of the Santa Clara Valley League
 - c. a proposal by Mike Benedetti of the Girls Private School League
 - d. suggestions by Dave Frank of the West Catholic Athletic League
2. After discussion involving philosophy, goals, and logistics, the committee decided to create three proposals for consideration.

Proposal 1: Status quo (keep the Track & Field Championship process the same as it currently exists)

Proposal 2: Maintain a three meet format: subsection, semifinals and finals as we currently have. As is the case now, 24 athletes from the north and 24 athletes from the south qualify for the subsection meet. Instead of athletes qualifying for the north or south subsection meets strictly by league allotment based on enrollment, half of the athletes would qualify by league allotment based on enrollment. The other half of the qualifiers would be composed of at-large qualifiers based on performance.

Note: If this proposal is accepted the following issues would need to be decided:

1a) Athletes would submit marks from their league meet for at-large consideration

OR

1b) Athletes would submit marks from their league meet or verifiable marks from invitational meets for at-large consideration

2a) When seeding the meet, league champions, regardless of their marks, will be seeded before all other athletes are seeded.

OR

2b) Athletes will be seeded strictly by their qualifying marks.
