

**SPRINT**

**NORTHERN CALIFORNIA  
TRACK & FIELD CHAMPIONSHIPS**  
May 27-28, 1983

at Edwards Stadium  
University of California  
Berkeley

# When it comes to sports, we're quite a team.

When it comes to high school sports, our sportswriters really know the score. Because when they set out for the court or the field, they're ready to cover the action from start to finish. They know the players and they know the game. And our winning team of photographers is ready to catch all the action.

But after the game's over and the fans go home, our team is just waiting to field all the action to you with first hand, up-to-the minute details.

High school athletics is as important to us as it is to you. And when it comes to winning teams, we're really good sports.

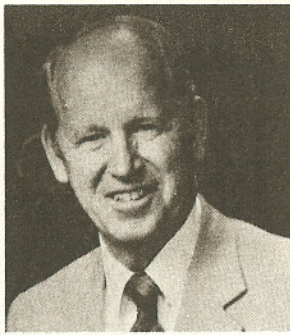

Be a winner.

"We're making a good thing even better."

**JOHN SANDERS**  
CIF President

## Welcome

*Welcome to the California Interscholastic Federation State Championships. Thank you for your support of prep sports — I hope this will be an enjoyable experience for each of you.*

*The CIF is proud to host this event; the culmination of hard training and successful competition for many young students. Best wishes to each participant and coach.*

## THE CIF: Doing the Job for Prep Sports Since 1914

In 1914, as high school athletic teams began crossing district lines to compete with neighboring schools, the CIF was established to provide consistency in sports rules and a safe, rewarding environment for young California athletes. Since that beginning, with fewer than 20,000 athletes, the organization has grown to become the largest youth agency in the state, serving over 320,000 young student-athletes each year.

During dynamic growth years, the CIF saw participation in high school sports double (for both boys and girls) between 1965-1975, and, although since 1978 some leveling-off has occurred in numbers of students participating, indications are that such a trend is due more to a lack of available school programs rather than to a lack of interest or desire on the students' part.

Few Californians realize that the CIF, the sole administrative body of interscholastic athletics, is an independent organization that has been carefully structured to provide needed services to the youth of the state without placing unfair burdens on the public education system. Athletic programs conducted in all 1200 secondary-schools in the state do not exist simply because students desire to participate in sports. The CIF utilizes the volunteer services of over 10,000 persons who are charged with the task of ensuring effective athletic programs for all of the public, private, and parochial high schools of the state.

As a result of effective planning, sound program administration, and a determination to support the philosophy that all student-athletes in our state should be provided with equal participation opportunities, the CIF has propelled California into uncontested leadership in the nurturing of outstanding athletes. Former and current California high school athletes hold more national records than do students from any other state — and our youngsters continue to be highly recruited by top-notch universities across the country. Many of the names are legend — Amy Alcott, Rick Monday, Bill Walton, Pat Haden, John McKay, Scott McGregor, Ron Cuccia, Jill Sterkel, Sherri Howard; all former CIF athletes, all outstanding men and women of whom Californians can be proud.

Although the CIF has been serving California youth for nearly 70 years and can boast of having over four million "alumni," many are unaware of the diversity of CIF administrative responsibility. Day-to-day activities of the CIF state office in Fullerton include enforcing regulations, establishing state calendars' of events, arranging and supervising state championships in four sports, maintaining individual and team sports records, providing publicity to the media, publishing the *State News*, and maintaining legal and insurance services which ensure the very existence of prep sports. In addition, 10 section commissioners throughout the state maintain full-time schedules to ensure that prep athletic events in their areas are operated effectively, safely, and consistently.

The support of the California public has been responsible for the success and expansion of California athletic programs for 68 years. With the continued cooperation and dedication of school superintendents, principals, and athletic directors, as well as the keen interest of over one-half million students and their families each year, the future of prep sports would appear to be bright and healthy. The CIF urges you to lend your support to our young student-athletes by attending high school sporting events in your community on a regular basis. The CIF welcomes you to this championship event; a showcase of some of our finest young California athletes — our nation's future leaders.

**THOMAS E. BYRNES**  
*State CIF Commissioner*

## FROM THE STATE CIF OFFICE

The State CIF Federated Council welcomes participants and spectators to the State CIF Championships.

The caliber of interscholastic competition in California is second to none in the United States, and this outstanding activity should set new standards of excellence in the field of high-school athletics.

**MARGARET R. DAVIS**  
*Associate Commissioner*

The *California Interscholastic Federation* is devoted to the promotion and betterment of athletics in California high schools. Its purpose has been to stimulate uniform procedures in the conduct of athletic contests, to promote friendly relationships and sportsmanship between schools and to ensure that interscholastic athletics will continue to contribute to the educational curriculum of our schools.

# Frey and Schubert top runners

By Earl Wright, Jr.

## Redding Record Searchlight

Jim Frey says he will feel right at home at Pullman, Wash., next fall.

The standout Northern California runner decided in April to accept a full ride scholarship to Washington State University to compete in track and cross country.

More than 30 major schools had been actively recruiting the 6-3 170-pounder who was second in the mile run at the CIF State Meet last year and began this season by winning the Northern California Cross Country Championship in the fall.

Over the winter, Frey narrowed the field to just two schools: Pac-10 Conference team champion Washington State and Brigham Young University in Provo, Utah.

"One of the major reasons I chose Washington State was that it offered me a full ride and BYU only wanted to give me a  $\frac{1}{2}$  (scholarship), unless I ran a certain time in the mile," he told the Record Searchlight when he announced his decision.

BYU had offered to give Frey a full ride if he ran 4:06.00 or better in the mile. His best time of 4:10.2 was in the State Meet last year.

The Yreka High School senior visited both campuses and said Pullman, where WSU is located, "reminds me a lot of Yreka. It's about the same size. Washington State is the smallest school in the Pac-10."

Yreka sits at the top of California on Interstate 5 just 30 miles from run-happy Oregon.

The air is cool and clear, ideal for distance work.

Like WSU of the Pac-10, Yreka is the smallest school in its league, competing with three Redding high schools and Anderson and Red Bluff High Schools while winning two straight Northern Athletic League cross country and track titles.

One of the biggest reasons for the Miner success is Frey. He won the NAL and Northern Section cross country championships his junior and senior years. He successfully defended his Northern Section mile championship last Friday, running a 4:22.45 on the slow Oroville track.

A week before that, he ran a 4:33.74 to cruise to the mile championship at the Northern Section Large School Championships and the following day beat an international field at the prestigious Modesto Invitational track meet with a 4:15.5.

He plans on a five-year stay at Washington State and to make his four years of athletic eligibility last, Frey will redshirt in cross country his freshman year and redshirt in track his sophomore sea-

Fine Flicks by Don Gosney

## Del Mar's Cory Schubert

son.

"He (WSU track coach John Chappen) redshirts all his incoming freshmen," Frey said. "I'm actually kind of looking forward to doing that. It will be a break from competition and take some of the pressure off."

Although Frey hopes to be a miler for the Cougars, he said Chappen has a unique way of deciding what event to put each runner in. "He trains all his athletes for the 5000, which is about 3.1 miles," Frey said. "And depending on how you do, he moves you up or down from there."

And the only way Frey is looking is up, which happens to be down to the mile.

## By Carol Harrison Valley Pioneer

While Frey is looking to the mile, Del Mar's Cory Schubert is looking to the next two weeks of prep competition.

The San Jose senior is the success story of the year, setting a pending national record of 10:09.5 last week in the Central Coast Section 2-mile championships after winding up her junior season as a run-of-the-mill, 11:22.9 two-miler.

"I'd run a 10:31 the week before in league, and a 10:11.3 in regionals. At CCS I saw in the program that Livermore's Cheri Williams had the record (1600m) in 10:09.8 and I thought that I'd try to beat that."

And beat it she did, shaving 1:13.4 off her top junior time to erase Williams from the spot in the record book she had held for five years. Schubert, however, doesn't expect the new mark to last long.

"Actually, I want to break 10:00," she said. "I haven't gone out in my mind to do that yet. I'll run NorCals just like CCS: do the first six laps at a tempo pace based on how I feel and kick it in the last two laps."

She has a corrected 1600 meter time of 4:48.7 to her credit this season, and that's good enough to make her tops in Northern California despite not putting much effort into the race.

"I'm going to try and get my mile time lower this week, down in the low 40s," Schubert said. "I haven't gone all out this year because in every meet the mile and two-mile have been 40 to 50 minutes apart, and the two-mile, which is first, takes a lot out of you. But now there's two hours in between."

And that could mean trouble for the competition, not to mention national record-holder Polly Plumer and her 4:39.32 effort.

Schubert, who nearly quit track last season after a string of injuries, began this school year with a pledge to be "more determined and dedicated." She dropped 12 pounds from her junior frame of 118, and the results have been shocking. A Northern California Cross Country championship, the Kinney West cross country title and third in the Kinney nationals in Florida followed a win at the Stanford Cross Country Invitational, and Schubert had everyone's attention.

"The Stanford coach said that mechanically, she's the soundest runner he's seen," Del Mar coach James Hamm said. "She just ran away with the small school race at Stanford. My eyes were going boing. And it was even more amazing at Kinney. About 1 to 1 1/2 out, she kicked it in and won by 100 yards."

"A guy at Fresno said she bounds, almost like a gazelle. She has an incredibly long stride that she manages to support. Last year, I don't think she could carry it."

And three years ago, she hesitated to carry it any distance on a track.

"As a freshman, I said there was no way I could run a quarter," Schubert recalled with a laugh. As a sophomore, she ran a 61.7 third leg for Del Mar's then top-ranked mile relay squad, but it was a 2:30 clocking in her first 880 that woke everyone up.

She overcame a bout with spinal meningitis that sophomore summer, and took up cross country in the fall of her junior year. Less than two years later, she's the premiere two-miler in the country, and bound for Stanford University in the fall. She'd never expected Stanford to want her as an athlete, though she may have thought they'd desire her as a student. Schubert carries a perfect 4.0 GPA at Del Mar and will be the valedictorian of her class in June.

**By Howard Willman  
Track & Field News**

—The CIF Northern California Championships is blessed with one of the finest and most sensational collection of high hurdlers ever assembled. From last year's fine CIF State Meet field of nine, four return—and those four are all from Northern California.

Last year's top three finishers are gone, but places four, five, six and eight return in the form of Independence High School's Erick Montgomery, St. Mary's Mark Boyd, Palo Alto's Rod Green and Oakland's

Fine Flicks by Don Gosney

**St. Mary's hurdler Mark Boyd (far left) leads Erick Montgomery of Independence (middle) and St. Mary's teammate Mike Lee (far right).**

## ***Veteran hurdling field at NorCals***

Damon Jackson, respectively.

Montgomery ran a 14.02 in last year's State Meet finals, while Boyd clocked 14.12, Green 14.26 and Jackson 14.55.

"The hurdler is a real aggressive athlete," notes Arno Brewer, respected hurdle coach at highly successful Berkeley High. "More so than any other athlete on the team, usually. Sometimes, that aggressiveness is so strong that it can offset a lack of technique."

All four of these hurdlers are good technique-wise. And all four score well in the aggressiveness, speed and strength categories. The differences between them are miniscule, and that's why it's often that only a few hundredths of a second separate them at major meets.

Boyd is, by consensus, the smoothest and best in technique. Being 6-1 doesn't hurt. "His lead leg is very quick," asserts Brewer. "He is starting to use the hurdle. He's very strong."

Montgomery, a sensation over the 300m hurdles, is probably the fastest of all of them. His excellence in strength has been proven by his 35.86 330-yard hurdles National record. "Like the others, he's tough," says Brewer. "A great competitor."

"Being a short hurdler myself, I can appreciate other short hurdles, which Green is," maintains Brewer, noting both Montgomery and Green are a good four inches shorter than Boyd. "He works hard."

Jackson came on well late in the season last year, and ran well in the big meets. "He surprised me last year," remarks Brewer.

But by no means is that the end of the talent. New names always pop up, and this year already two exciting talents have emerged.

Mike Lee, a senior and a teammate of Boyd's at St. Mary's, was a not-too-distant second to Boyd in the NCS 2A-South meet (13.8 to 14.0). And Dion Nelson of Skyline ran 14.1 in the Oakland league meet to defeat Jackson (14.7).

"The competition will be fierce," says Brewer. But he agrees with the assessment observers have as to who will win: The one who makes the fewest mistakes.

## Balboa's Crumby aims for record

By John Crumpacker  
San Francisco Examiner

Maurice Crumby did not have long to savor his status as the national high school record-holder in the high jump.

When Crumby, a senior at San Francisco's Balboa High School, scraped over a crossbar set at 7-4½ April 2 at the Martin Luther King Games at Stanford Stadium, he established himself as the highest outdoor prep jumper ever.

His mark erased Gail Olson's 7-4¼ effort of 1978 from the high school record books.

But on May 14, the record was elevated a notch. James Lott of Refugio, Texas, scaled 7-4¾. The next day, jumping in the UCLA/Pepsi Invitational with the big boys, Crumby reaffirmed his consistency by jumping 7-3¾.

"It makes me want to come back and get it back," Crumby said of his fallen record. "I'm going to rest a little and hope to get it back."

Crumby, a lanky 6-5, 180-pounder bound for the University of Arizona, where he'll compete in football and track, tries to regain his national record this weekend in the CIF Northern California Championships at Edwards Stadium. The top four athletes in each event qualify for next week's one-day-only State Championship meet in Bakersfield.

The soft-spoken Crumby, who turns 18 on May 30, has given promise of greater things to come. At the King Games, he had two good tries at 7-5 and tried 7-5¼ at the UCLA/Pepsi Invitational on May 15.

"The second attempt I just missed by the heels," he said. "I was slowing up at the end, so I have to work on my steps a little bit."

"But after clearing 7-3, it gives me more confidence for 7-5."

A clearance of 7-5 would be in line with Crumby's progress in the event. As a sophomore in 1981, he cleared 6-11¾ indoors under rather unusual circumstances. For some reason, the prep high jump at the San Francisco Games in the

Cow Palace could not be set up on the regular infield jumping area, so athletes were forced to jump off a cement surface in training flats. That mark gave Crumby a national sophomore-class indoor record.

Outdoors as a soph, Crumby made 7-0 and finished third in the State Meet. Last year, he reached 7-3 to win the TAC Junior Olympics and won the State Meet championship with a leap of 7-1. Thus far in 1983, he has been over 7-0 in all of his meets and has equalled or surpassed 7-3 on four occasions. He is a prohibitive favorite to win his second State title June 4 in Bakersfield.

Crumby has progressed to the point where he is not awed when the crossbar moves up past 7-4. Of his two recent tries at 7-5 and 7-5 1/4, he said, "I feel comfortable with it."

Although his words come softly, Crumby does not lack for confidence. Competing well against the nation's top jumpers in invitational meets will do

that to a young man with emerging talent. Now Crumby wants to excel in The Athletics Congress national championships June 17-19 in Indianapolis, Ind., since he's qualified for the meet. The top three Americans at TAC will form the United States team that will compete in the first-ever World Championships Aug. 7-14 in Helsinki, Finland.

"I hope to go 7-8 (at TAC) and qualify for the world championships," Crumby said, perhaps exaggerating the height needed to qualify for the Helsinki World Championships.

Crumby feels competing in open competitions against the best high jumpers in the country has helped him.

"Yes, it was real fun. I learn a lot by watching them," he said. "I don't try to copy them, I just try to pick up some pointers. Some may work for me and some may not."

"I just want to go as high as I can," he said. "That's my main goal this year, that plus getting the record back."

Balboa's Maurice Crumby displays the form that carried him to a national record.
