

MINUTES OF CENTRAL COAST SECTION CROSS COUNTRY MEETING

Tuesday, October 5, 1971

Present: All league chairmen of the CCS

1. If wrestling gets a state meet for the 1972-73 school year then it looks as though cross country and other sports will follow. Football would be an exception.
2. Each league chairman will notify the Region meet director by the Monday prior to the Region meet which schools in his league will compete in the large school division and which schools will compete in the small school division. This means that any SPAL small school must notify the league chairman if it wants to enter the large school division.
3. The postal meet on November 6, 1971, which is hosted by Carlmont and Leigh, will have both morning and afternoon sessions. This is to take care of the boy who has to take a test in the morning.
4. Vern Thornburg will put out a phone directory of all CCS cross country coaches soon.
5. No spikes will be allowed at the CCS meet this year.
6. A coordination of the dates at Crystal Springs will be initiated next year. There is a couple of conflicts this year that could be avoided.
